Mr. Michelangelo Baron Zois,

Dear Sir:

Your letter of September 10th, addressed to this Society, has been received. The collection which you describe, I regret to write, is not onein which we can be interested, nor am I able to refer you to any collector in this country who might care to consider its purchase. I am referring your letter, however, to one of our collectors and should he be all interested he will communicate with you directly.

Very truly yours,

Secretary
